The aim here is that all learners understand their role and responsibilities and be able to identify boundaries.

Rarely are all responsibilities one person's in HSC. There is often cross over, and flexibility required to ensure outcomes are person centred.

The Doughnut supports us to apply our roles and responsibilities in a more holistic way than listing.

Look at your responsibilities and apply them across the 3 categories.

Here we will apply Charles Handy's The Doughnut Management tool to group our responsibilities.

The Core is our core responsibilities- the duties that need to be done, eg, a needs assessment for each individual.

The outside are responsibilities that don't belong to us, eg, which company will provide the care for the individual

The bulk of the doughnut is the judgement and creativity of how to achieve outcomes.

Mae Tasg A yn gofyn i chi gadw portffolio o dystiolaeth a dylai adlewyrchu eich dysgu wrth baratoi ar gyfer tasgau B-E. Bydd hefyd yn cefnogi unrhyw feini prawf efallai na chânt eu bodloni drwy dasgau B-E, er enghraifft, bydd adolygu rolau a chyfrifoldebau yn cefnogi meinu prawf Uned 441, AC 1.13.

Ôl-ddyddiwch hyn i'r sesiwn ar gyfer Uned 440.

Gellir gweld enghraifft o hyn yn [https://gofalcymdeithasol.cymru/cms\\_assets/file-uploads/CCPD-toolkit-for-social-care-ENGv01.pdf](https://gofalcymdeithasol.cymru/cms_assets/file-uploads/CCPD-toolkit-for-social-care-ENGv01.pdf) a ddefnyddiwyd yn flaenorol ar sleid 10, neu gall canolfannau ddarparu eu fformat eu hunain.

Drwy gydol y cymhwyster byddwch yn cadw dyddlyfr dysgwr ac yn cofnodi unrhyw brofiadau dysgu megis:

- Hyfforddiant (gan gynnwys sesiynau SSP)
- Hyfforddi/mentora
- Goruchwyliaeth
- Cyfarfodydd tîm
- Myfyrio ar eich ymarfer eich hun gan gynnwys enghreifftiau nodedig neu ddangosol
- Ymchwilio a myfyrio ar hyn, e.e., adolygiadau Achosion Difrifol, astudiaethau gofal, ymchwil, canlyniadau gwrandawiadau, ac ati

Bydd angen i chi gofnodi'r hyn rydych wedi'i ddysgu, myfyrdod gan ddefnyddio amrywiaeth o ddamcaniaethau myfyrio, a sut y bydd hyn yn dylanwadu ar eich ymarfer yn y dyfodol. Dylai myfyrdod cyffredinol gynnwys: beth aeth yn dda, neu ddim cystal, a'u meddyliau a'u teimladau ar sut i wella eu hymarfer i gefnogi canlyniadau i unigolion.

Gallai hyn fod yn fuddiol hefyd wrth gofnodi eich dysgu yn unol â chofrestru.

## **ENGLISH**

**Slide relating to AC 1.8 How to use learning opportunities effectively to improve own knowledge, understanding, skills and practice, including learning from day to day experiences and 1.9 How to use sources of information to develop evidence informed practice**

The aim here is to introduce learners to Task A and start a learner journal which will support the criteria which cannot be met through tasks B-E. The following slides will introduce learning cycle and reflective model.

Task A requires you to keep a portfolio of evidence and should reflect your learning in preparation for tasks B-E. It will also support any criteria that may not be met through tasks B-E, for example, reviewing of roles and responsibilities will support the criteria Unit 441, AC 1.13.

Backdate this to session for Unit 440.

An example of this can be accessed at [https://socialcare.wales/cms\\_assets/file-uploads/CCPD-toolkit-for-social-care-ENGv01.pdf](https://socialcare.wales/cms_assets/file-uploads/CCPD-toolkit-for-social-care-ENGv01.pdf) previously used in slide 10, or Centres may provide their own format.

Throughout the qualification you will keep a learner journal and record any learning experiences such as:

- Training (including SSP sessions)
- Coaching/mentoring
- Supervisions
- Team meetings

- Reflection on your own practice including standout or showcase examples
- Research and reflection on this, eg, Serious Case reviews, care studies, research, hearing outcomes, etc

You will need to record what you have learned, a reflection using a range of reflection theories, and how this will influence your practice in the future.

Reflection overall should cover: what has gone well, or less well, and their thoughts and feelings on how to improve their practice to support outcomes for individuals.

This could also be beneficial when logging your learning in line with registration

## Rhoi dysgu ar waith

- Cylch Dysgu Kolb
- Cylch datblygiad parhaus

## Applying learning into practice

## Ystyriwch yr iaith a ddefnyddiwn

- Rhaid osgoi labeli sy'n stigmateiddio a disgrifyddion ymddygiad personol, er enghraifft:
    - ddim yn cydymffurfio
    - camweithredol
    - digymhell
    - Diog
- Ystrywgar

## Consider the language we use

- Stigmatising labels and personal behaviour descriptors **must be avoided**, for example:
  - non-compliant
  - dysfunctional
  - unmotivated
  - lazy
  - manipulative

Avoiding the language of deficits - Think about the way statements are worded. How would you feel to reading them?

## Dadbersonoli'r unigolyn

Yn yr un modd, dylem osgoi cyfeirio at yr unigolyn fel (er enghraifft) "mam" neu "dad" neu "mam-gu" ac ati a chyfeirio atynt wrth eu henwau priodol (tad y plant , Mr. Jones etc.)

Mae ef/hi yn LAC (Plentyn sy'n Derbyn Gofal)

Nhw/cleient/defnyddiwr gwasanaeth/claf

Mae hyn yn bwysig nid yn unig yn ymarferol ond hefyd o ran sut i ysgrifennu adroddiadau myfyrion.

## Depersonalising the individual

Similarly, we should avoid referring to the individual as (for example) "mum" or "dad" or "gran" etc. and refer to them by their proper names. – (the children's father , Mr. Jones etc.)

He/she is LAC (Looked After Child)

They/them/client/service user/patient

This is important not only in practice but also in terms of how you write up reflective accounts.

## Cydgynhyrchu

Mae cydgynhyrchu yn cydnabod bod pobl yn arbenigwyr yn eu bywydau eu hunain. Mae gweithio gyda phobl yn y modd hwn yn golygu gwthio'r pŵer yn y berthynas tuag at y person a'i roi wrth wraidd cynllunio ei ofal a'i gymorth.

Rydym yn gwneud hyn gan fod pobl yn arbenigwyr yn eu bywydau eu hunain ac yn y sefyllfa orau i ddweud wrthym beth sy'n bwysig iddynt a beth sy'n rhoi ymdeimlad o lesiant iddynt. Mae cryfderau pobl eu hunain yn bwysig ac mae angen eu cydnabod. Mae sgyrsiau ystyrlon wrth wraidd cydgynhyrchu.

## Co-production

*Co-production recognises that people are experts in their own lives. Working with people in this way means pushing the power in the relationship towards the person and putting them at the centre of their care and support planning.*

*We do this as people are experts in their own lives and are best placed to tell us what's important to them and what gives them a sense of wellbeing. Peoples own strengths are important and need to be acknowledged. Meaningful conversations are at the heart of co-production.*

[www.gofalcymdeithasol.cymru](http://www.gofalcymdeithasol.cymru)  
[www.socialcare.wales](http://www.socialcare.wales)

Social care has traditionally been very 'provider-led'. Providers of services, managers, politicians, researchers, practitioners have shaped services and not those using it. This has been linked to issues such as institutionalisation and paternalism

SSWBA encourages a move away from needs based to rights based support. A focus on personal outcomes/ voice and control ensures practice is person centred and individuals are recognized as experts in their own life.

This translates into co-production. Individuals should be involved in planning and designing the services they receive

*"Mae gweithio ar y cyd yn waith caled.  
Mae pobl yn meddwl yn y tymor byr.
